sentatives from Fairhaven, Marion, Rochester to discuss the Mattapoisett Dam Improvements Project. Also attending was Joseph DiCarle of the state Division of Marine Fisheries.

An update of the project was given by Peter H. Baril of Keyes Associates, design engineers. The sum of $50,000 was made available through the state legislature to design the dam and fish ladder. In order to complete the project as proposed, the sum of $185,000 to $225,000 will be required. Chairman DeCosta explained it is hoped the legislature will allocate the funds this year.

The major objectives of the project include: redesign of the fishway to provide more efficient fish migration; provide easier operation and maintenance of outlet structures during the herring run and for flood control purposes; reduce the potential of saltwater intrustion upstream of the dam.

Highlights of the redesign, according to the engineering report, note that most of the original concrete and masonry dam structure will remain intact. The west pier will be removed and a 10-foot wide weir gate will be installed at the downstream end of the resulting opening. This weir gate will provide ease and flexibility in adjusting the upstream river level during the herring run as well as during flooding conditions. To increase the flow capacity through the 10 foot opening, the weir gate is lowered. In

the fully closed (i.e. upmost) position, it will prevent unusually high tide levels from intruding upstream of the dam.

All deteriorating concrete surfaces will be repaired using an epoxy mortar. A 4½ foot long section will be added to the existing east pier, in order to attach a 6-foot high by 4-foot wide slide gate to the upstream end of existing sluiceway. Under normal operating condition, the slide gate will be in the down or closed position. It can be opened for purposes of dewatering the dam or providing additional flood flow capacity.

Flow through the adjacent rectangular culvert under Route 6 and located east of the Mattapoisett Dam will be controlled by a similar type slide gate. Again, under normal conditions, this crank-operated floor stand hoists and the gates will be all stainless steel. The use of stop logs will be eliminated (except for dewatering the fishway).

The report continues in noting that a new dentil-type fishway will be located at the east end of the dam - aligned at about 67 degrees from the centerline of the Route 6 bridge opening. The sluiceway is 4 feet wide and has a total length (including horizontal aprons) of 39 feet. The fishway floor is set on a 6 to 1 slope and has a total elevation drop of four feet (elevation -1 to 3).

WHERE EXCELLENT SERVICE MEANS SATISFIED CUSTOMERS

QUESTION:

HOW DO EMPLOYEES & COMPANIES BENEFIT FROM CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: With higher performance and more productivity.

When a worker is sidelined because of a health problem, everybody loses.

The company loses a valuable employee, which could mean a loss of production. The worker loses self-confidence in addition to suffering pain and disability. The family unit loses part of its income, so important to maintaining a standard of living. The union loses part of its health and welfare fund in payments and other benefits.

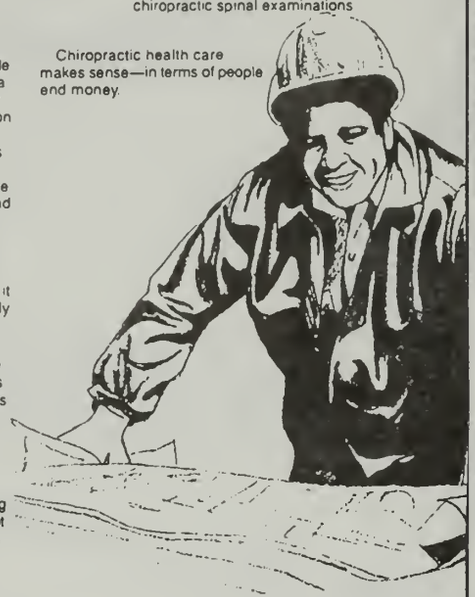
Obviously, there is no way of eliminating on-the-job and off-the-job injuries entirely. But it would be helpful and less costly for all if time for recuperation could be reduced.

Chiropractic can reduce time off. In fact, comparative studies of Workers' Compensation cases from a number of states prove chiropractic's effectiveness in getting injured employees on their feet faster.

Imagine the advanteges of eliminating hospitalization. Being treated on an out-care basis. Not being subjected to the hazards and expenses of drugs and surgery.

Here's what you can do:

- Get to know the chiropractic health method and its benefits.
- Make chiropractic services available to employees in any health and welfare or insurance program with which you are associated. Insist upon it.
- Recognize the importance of structural health. One of the best safeguards against illness and disease is to practice a program of health care which includes chiropractic spinal examinations.



Chiropractic health care makes sense—in terms of people and money.

Dr. Jean E. Peelor

Chiropractic Physician

34 Barstow St., Mattapoisett 758-3711

The weir gate and fishway have been designed to effectively accommodate a wide range of anticipated flows. The weir gate will be positioned so that a normal operating pool elevation of 6.0 is maintained. This corresponds to a 3.0 foot depth in the fishway. A hydrologic analysis has indicated that the average flow in the Mattapoisett River is about 90 cubic feet per second (CFS) during the herring run. The maximum flow in the fishway is 25+CFS at elevation 6.0. Therefore, a large percentage of stream flow will be conveyed over the weir gate.

DeCosta noted because of the design and the need of what actually has to be done, it will be hard to reduce the scope of the work. Hopefully, the state funding will be sufficient to do the entire job to do it right. He added that Mattapoisett Selectmen's office will guarantee the project with the state. Mattapoisett controls the dam and the fishing, but shares rights with Marion and Rochester. The Fairhaven Water Department is also concerned because of the nearness to its water supply and to prevent salt water from flowing into the fresh water.

In other business, Selectmen:

MET WITH Blanche B. Perry, one of the town's representatives to the Old Colony Regional Vocational-Technical High School District School Committee, to discuss the scheduled

meeting this week of the school committee and representatives of the Lakeville-Freetown School District.

Selectmen last week (January 5th) invited the Mattapoisett representatives, Vincent J. Worden, William B. Keavy and Mrs. Perry, to attend this week's meeting to emphasize the Board's objection to releasing any of the town's student quota at Old Colony to another school district.

Selectman Frank Suzan said, "I wouldn't want to see us jeopardizing our quota as 30 years down the road we might need it; I wouldn't want to kick ourselves for losing that quota - we should have the foresight to hang onto it."

(Lakeville and Freetown were in the original planning of the vocational high school in March 1972; however, the two towns withdrew in October 1972, thus creating the four-town district comprising Acushnet, Carver, Rochester and Mattapoisett.)

Mrs. Perry explained the Freetown/Lakeville people approached the Old Colony School Committee once before - it was just a talk meeting. It is not a rumor; they are coming this time with a proposal. They don't have a vocational school, but a few of their students attend Old Colony as tuition students, Mrs. Perry said.

She continued, "Traditionally, Mattapoisett has not used its full quota of 140 students. Freetown

Selectman James F. Huntoon noted there are many young people in Mattapoisett who could benefit from the vocational school. He, Chairman DeCosta and Suzan, as well as Mrs. Perry feel the vocational school is under utilized by both Mattapoisett students and adults. Mrs. Perry noted there are many services at the school available to town residents that should be utilized.

Suzan said what with the high cost of college education, "I think we will see vocational schools utilized more." A lot of people think Old Colony doesn't give a high school education. Mrs. Perry interjected that this isn't so; that many Old Colony graduates go on to college.

Chairman DeCosta asked Mrs. Perry to keep the board informed on the developments of the proposal. Mrs. Perry, who has been a member of the committee since the school was opened in 1975, was, in fact, in 1967 the first Mattapoisett resident to initiate a by-law to form a vocational school district.

When contacted, David J. Ferreira, director of Student Vocational and

Academic Affairs at Old Colony, said that Mattapoisett has a student quota of 140, and as of October 1 of this school year had an enrollment of 32 students. He noted Mattapoisett pays only for its enrollment and not for its quota. He said that Carver has a quota of 85; Acushnet, 250 and Rochester, 60. When Mattapoisett does not utilize its quota, sometimes Rochester picks up the difference. He also said Old Colony has 16 tuition students from the Lakeville/Freetown School District. He added that the Lakeville-Freetown representatives plan to tour the school and be briefed on its facilities and capabilities before they attend the joint school committee meeting with the administration and Old Colony school committee.

WERE NOTIFED BY Town Counsel Donald J. Fleming of the final settlement of the Town of Mattapoisett versus Aurisia Deniz Gomes. Liens determined to be against the property owned by Mrs. Gomes have now been settled and the deed will be registered with the Registry of Deeds.

ANNOUNCED the continued closing for 30 days of the "waters and flats and all tributaries of the Mattapoisett River north of a line drawn across the mouth of the Mattapoisett River".

Chairman DeCosta noted this section that is closed to the harvesting of shellfish for human consumption has been closed by the State Department of Environmental Quality Engineering (DEQE) on a temporary basis. "It is a good thing the DEQE didn't place a permanent closing on the area. Shellfish Constable Brian

KONICA MG

The "hottest"selling item in our store this Christmas season, by a wide margin, was the KONICA MG. This mighty mite camera (just a little larger than a pack of cigarettes) features auto-load, auto-focus, auto-flash, auto-rewind.

You, literally, just point-and-shoot and you get crisp color, black & white, or slides from 35mm film. If you're not thrilled with the pictures you're getting, THIS is the camera for you...and the price is right.

Still just $139.95

Those of you who were lucky enough to receive one as a gift will be happy to know that (finally) we were able to locate a supply of "add-on" telephoto lenses. They're now in stock at just $32.95. We'll be happy to demonstrate the camera and lens for you anytime.

Nunes has been working closely with DEQE with the sampling and testing of these waters. The sampling has been coming out good, and we hope to get the area open soon."

CORRECTION

Mattapoisett Police Department's Safety Officer R. Stanley Ennis has clarified a remark made in the December 17th issue of the Presto Press regarding the use of all-terrain vehicles (ATV) in state parks. Officer Ennis said the state Division of the Department of Fisheries, Wildlife, and Environmental Law Enforcement has said that ATVs cannot be operated at Myles Standish State Park. Because of incorrect information, it was written that ATVs could be operated at Myles Standish and other state parks.

V. Arral

Rochester Butter & Cheese

Rochester will be having distribution of butter and cheese on January 21st, Wednesday, from 12 noon to 2 p.m., and on Thursday, January 22nd, from 9 a.m. to 2 p.m. at the Town Hall Center. Please bring your cards.

Mattapoisett Council on Aging

COMMODITY DISTRIBUTION JANUARY 26th

A Commodity Distribution for eligible participants will take place at the Legion Hall, Mattapoisett beginning at 1:00 p.m. and for residents of Village Court at the Court at 1:30 p.m. on January 26th. Be sure to bring your registration cards. It is expected that cheese, butter and powdered milk will be available.

This program is a needs-related program and is not for the elderly alone. If you believe you qualify and have not registered and received a card, contact the COA office at the Town Hall any weekday

Dollars for Scholars

SCHOLARSHIP APPLICATIONS NOW AVAILABLE

Applications for the Annual MMR Tri-Town Dollars for Scholars scholarships have recently been forwarded to local high schools in southeastern Massachusetts. Any resident of the towns of Marion, Mattapoisett, or Rochester who is thinking of attending a college or trade school next September is encouraged to submit an application by February 6th. Applications may be picked up at the guidance office of your school. Completed applications should be returned to your guidance counselor by the above date.

Applications for Continuing Education and Re-Entry scholarships will be available in the town libraries, Town Halls and at Old Rochester Regional High School shortly. Deadline for filing a continuing education or re-entry application is April 1st.

APPRECIATION TO LIONS' CLUB

The family of Michelle Richardson wish to express our most sincere and heartfelt appreciation to the Mattapoisett Lions' Club for their recent special contribution of $1,000 to the Massachusetts Eye Research Foundation in Michelle's name.

This is a magnanimous gesture on their part and a very special tribute to her memory, as the funds

Playground Improvement

Who can walk by a playground without stopping to watch? There's a magical force that pulls your feet to a stop and before you know it, you're smiling as you view the antics. Suddenly, you're transported to another time and you are those children. You can recall the feeling of exhilaration as you soared high on the swings....the excitement in the pit of your belly just before you plunged down the slide.....or the awful pain and feeling of betrayal when a friend jumped off the seesaw! (Was that where we first learned about trust and gravity??) Those times helped shape healthy lives, gave us a safe place to congregate, and gave our parents a chance to sit down and breathe and remember themselves.

The Playground Improvement Committee knows these things haven't changed. They are working hard to provide our community's children with the best of all possible places to play and grow. Won't you help? Your contribution of any kind,

Rochester Seniors

The first meeting of the year was held January 13th at the Rochester Woman's Club.

The new officers for the coming year are: Kay Settele, president; Pearl Carreau, vice president; Evelyn Benner, secretary; and Florinda Reed, treasurer.

Gifts were presented to Ella B. Gonet, the outgoing treasurer who has held that position for eight years, and Alice Hartley, the outgoing vice president.

A discussion on the by-laws was held and several changes were made.

Slides were presented by Jerome Sullivan of Colette Tours on the October 12th trip that the Rochester Seniors are sponsoring to Hawaii.

Refreshments were served by the committee: Dorothy Alderson, Nellie Balzarini, Evelyn Benner, and Jeannette Beaulieu.

The list of day trips planned by the club was presented also. The

club has a 3-day trip to the Von Trapp Lodge in Vermont for May 3, 4 and 5; a 3-day trip to Bar Harbor July 20, 21 and 22; a five-day trip to the Paramount in the Catskills for September 10 to the 14th; and a three-day Christmas Party to the Indian Head Resort in December.

For more information on these trips call Kay Settele at 995-1971. All trips are open to the public after Rochester Seniors have been presented with them.

Medex Open Enrollment

IN MARCH AND APRIL

The 1987 Blue Cross and Blue Shield Medex Open Enrollment will be held in March and April.

The annual open enrollment provides an opportunity for persons who failed to enroll for Medex when they had their first opportunity or dropped the coverage, to enroll in one of the Blue Cross and Blue Shield plans supplementing Medicare.

Coverage for those who "sign-up" for Medex in the open enrollment period will begin July 1, 1987.

More than 400,000 persons have

1 COUPON PER VISIT

Medex coverage.

Persons who enroll for Medex will have an opportunity to choose from among three plans. Among other benefits, Medex 2 and Medex 3 cover the Medicare hospital deductible that Medicare beneficiaries have to pay. In 1986, this has been $492. In 1987, it will be $520. Medex 2 and 3 also pick up the inpatient doctor bill deductible and coinsurance under Part B of Medicare. Medex 3 provides for prescription drug coverage, subject to a quarterly deductible; also limited inpatient private duty nursing, subject to a deductible.

Medex Standard, known up to a few years ago as Medex Low Option, does not cover the Medicare hospital deductible or inpatient doctor bill deductible, but beyond that offers all the benefits provided under Medex 3, the most popular and costliest of the three plans.

Potential enrollees may obtain additional information and application forms after February 1 by writing to: MEDEX, P.O. Box 840, Blue Cross and Blue Shield of Massachusetts, Boston, MA. 02103.

From O.R.R.

HOME ECONOMICS DEPARTMENT SPONSORS CANNED GOODS DRIVE

The Home Economics Department of Old Rochester Regional High School sponsored a canned goods drive at Christmas time and the donations were presented to the Salvation Army. We thank all of those who helped in this worthy cause.

PROJECT E.R.R. TRAINING COLLABORATIVE

Recently, Old Colony Regional Vocational Technical High School joined the Project E.R.R. Training Collaborative in Lakeville.

The purpose of the 44 School Collaborative is to provide in-service training opportunities for faculty members of the collaborating school districts. Two members of Old Colony's faculty, Thomas Hesketh and Kathy Moreira, will serve on the Advisory Committee for Project E.R.R. The committee is responsible for the development of the training workshops to be presented to collaborative members.

Old Colony's membership in the collaborative is being funded through Chapter 188 money at no cost to the Regional School District.

Penny Sale

The VICA Club at Old Colony Regional Vocational Technical High School will be conducting a Penny Sale on Friday, January 30th, from 7:00 to 9:00 p.m. in the School Cafetorium.

The Penny Sale is part of the Fund-Raising activities sponsored by VICA to raise funds for student partici-

PROJECT "B.U.D."
COMMUNITY SURVEY TO BE MAILED THIS WEEK

PROJECT "B.U.D." (Better Understanding of Development) is conducting a survey of the tri-town area to identify existing programs and services for young children and their families as well as determine the needs of this group. The joint Early Childhood Advisory Councils

WARNING!
CONTAGIOUS

MINIATURA DISEASE

CHILDREN OF ALL AGES AFFECTED
ADULT CHILDREN — *VERY* SUSCEPTIBLE

SYMPTOMS - An almost perpetual squint. Often has blank expression on face for long periods of time and mumbles "1 to 1", "½ scale", "millimeters" and such. Squirrels away bits and pieces of everything imaginable. Has nose in books, magazines and catalogs that have to do with tiny things. Thinking grows smaller and smaller. Can affect a whole family and often three generations.

NO KNOWN CURE —
DISEASE NOT FATAL

RX - Visit Miniature Shops and Shows - assemble kits - rearrange tiny furniture. Takes very little to keep them happy.

of Marion, Mattapoisett, Rochester and the Old Rochester Regional School District have developed this questionnaire and plan to mail it out this Thursday, January 22nd. It will be mailed to families with young children and a random sampling of the general community. Returns must reach the Superintendent's Office by Friday, January 30th.

The results of this survey along with other information gathered by Jane Taylor, Early Childhood Co-ordinator, will be compiled in a report to be presented to the school committees. Based on the decisions of the school committees, a subsequent proposal may be developed to respond to identified needs. The participation of all who receive the survey is vital to the success of Project "B.U.D.".

The goal of Project "B.U.D." is to work cooperatively with existing programs and services and provide our young children with the best early childhood programs and services possible. Additional information concerning this project may be obtained by contacting Jane Taylor at the Superintendent's Office (758-2772).

Mr. Goodwrench

You'll Be Glad You Did!

an investment advisor in fine art, encounters Joseph Parmigian, an Armenian fruit and vegetable merchant, on the roof garden of a New York City hospital. Through an afternoon and evening of intensive probing, the cancer-stricken Parmigian finally uncovers the truth of Landau's background - the price he paid to survive the Holocaust. Parmigian, through his own viewpoint of the world, ultimately finds a way to lighten Landau's burden, to let go of an all-consuming past.... and the two men take the first tentative steps toward becoming friends.

"..Extraordinary wit....funny, assertive, and entertaining" - New York Post.

"..Warm, wise and winning play... a theatre experience to be treasured" - Christian Science Monitor.

For further information on "Cold Storage" or TOP's Children's Theatre Workshops call the Theatre at 947-1880.

New England Contradance

A New England Contradance will be held on Saturday, January 24th, at the Rochester Grange Hall, Hartley Road, Rochester, from 8 to 11 p.m. Geese in the Bog will perform traditional and original contradance music. Instruction and calling will be provided by Bridget Edwards of Somerville, MA. All dances are taught and beginners of all ages are welcome. Come alone or with friends- a partner isn't necessary.

"PLANNING WEDDINGS FAIR"

On Sunday, January 25th, from 10:00 a.m. to 6:00 p.m. the Rotch-Jones-Duff House & Garden Museum, located at 396 County Street in New Bedford, will host a special presentation on planning weddings. Displays and informational presentations by various area wedding specialists will make it possible for the bride-to-be to choose all the components in one day for a successful wedding or to fill in any gaps she may have in her wedding plans.

Exhibitors include: Babette, Centre Jewelers, Darby Chambers Custom Catering, Delilah's Bridal Salon, Hawthorn Florist, Jacqueline's Specialized Skin Care Salon, Merle Norman Costmetics Studio, Metamorphosis Catering, Minuteman Press, Perry's Bakery, Sadow's, Saltmarsh's and Terry Lynn's Fashions.

Special events include these presentations: "Menu Planning" by Joseph Blouin; "How Much or How Little" Makeover by Jacqueline Bonfiglio; "China and Crystal Selection" by Byron Ford; "Floral Arrangements"

Paskamansett Bird Club

RESULTS-CHRISTMAS BIRD COUNT

A comparison of the tabulation of the recent Christmas Bird Count and that of the previous year reveals a notable decrease in the total number of individual birds observed by the census team organized by the Paskamansett Bird Club. The tally reported by 28 field observers and a half-dozen backyard watchers was 15,725, some 16% fewer than the birds seen during the official 1985 count.

The survey is an annual event, part of a nationwide activity inaugurated by the National Audubon Society 87 years ago to monitor the changes in bird populations.

Local observers were disappointed but not alarmed by the fall-off in numbers this year, for they ascribed the cause of the decline to the comparatively mild and sluggish weather system that prevailed for much of December. Birders in adjacent census areas reported similar declines in their totals, although their numbers were somewhat greater than those recorded by the local

club. While one Cape Cod team, tops in the state last year, reported a disturbing shortage of species this year, the Paskamansett Club's variety held up to expectations, at least, with 85 different kinds of birds recorded, a good average for the event.

Outstanding among the uncommon or unseasonal birds reported by Paskamansetteers were a Ruddy Duck, 4 Hooded Mergansers, 5 American Mergansers, 4 Barrows Golden-eye, a Red-throated Loon, and a Red-neck Grebe. Shorebirds infrequently seen at this season of the year included a Black-bellied Plover and 22 Ruddy Turnstones. Other near-shore waterfowl of note included 59 Brant, 8 American Widgeon, 57 Common Elder, one European Cormorant; also good numbers of Black Duck (563), Greater Scaup (918), Lesser Scaup (1769), and Oldsquaw (63).

Easily topping the list of most numerous birds were the gulls - Herring, Ring-bill and Greater Blackback varieties; they totaled well over 4,000, or more than one-fourth of all the birds within 15 miles of the hurricane dike in New Bedford Harbor. Significantly, this count of gulls does not include the thousands which frequent the garbage dumps of the five communities within the census area, for the landfills were closed to observers on the Sunday census day.

Starlings, with 1624 in evidence, were third in total numbers for a species. And, though few in numbers,

birds of prey were seen in gratifying variety: the hawks were represented by a Sharp-shinned, 4 Northern Harriers, 5 Kestrels, and 6 Redtails. Owls heard or seen included the Great Horned (7), and one each of Barred, Screech, and Saw-whet classification. Unsuccessfully sought was a Snowy Owl which had been reported in the census area just prior to count day.

Among the smaller and/or more colorful birds seen were two Red-breasted Nuthatches, 4 Brown Creepers, a remarkable 37 Carolina Wrens, 69 Evening Grosbeaks, and 137 Pine Siskins. Disappointingly, few (5) Hairy Woodpeckers were observed, although Downies, 45 strong, made up a normal complement for the family.

New Health Care Facility

PLANNED FOR MARION

Preliminary plans have been drafted and permanent plans are underway for the building of an ultra-modern 120 bed convalescent hospital on property just off Route 6 at the head of Sippican Harbor at Hammett's Cove, to be called "Harbor View Nursing Center".

The facility will offer total long term care for elderly, disabled, and rehabilitative persons with the most up-to-date medical equipment and a completely professional nursing staff.

The general partner and land owner is local lawyer and developer Frederick T. Iddings, Jr. Limited partners are Marion Real Estate Broker Virginia Barry and William Benson of San Francisco, who is a long-term specialist in development of health care facilities in pri-

vate enterprise. The project costing approximately four and a half million dollars is scheduled for completion in early 1988.

Feasibility studies of the area have been made by Hospital Counselors, Inc. of which Mr. Benson is president. A search for the most appropriate location in the county determined conclusively that the property owned by Mr. Iddings was best suited for this use. Iddings purchased the property on November 21, 1986. Virginia Barry acted as Real Estate Broker in the acquisition. This project will conform strictly to all local, state and national code requirements.

COUNTY RD. ROUTE 6 MATTAPOISETT • 758-6633

For most efficient land use and internal operating efficiency the facility is designed with four wings branching off a central core which will contain nursing stations and office and administrative areas. Rooms will be equipped with modern call systems connected to the nursing stations. For patients' use, the building will contain comfortable furniture, adjustable hospital beds and remote controlled T.V. and a spacious living room area will overlook the view of Sippican Harbor. The modern kitchen will accommodate service for 200 persons, patients, staff and guests with dining facilities adjacent. There will be staff physicians, registered nurses in charge of each shift, acute hospital affiliation and a staff of about seventy.

The project will occupy two acres with a large parking area and professionally designed landscaping.

Project supervision will be directed by Mr. Benson who has developed 63 such facilities throughout the United States. Benson stated that Marion has a definite need for the 120 skilled nursing beds.

A construction loan will be made

Tobey Hospital

"PATIENT SAFETY PARAMOUNT"
SAYS HOSPITAL PRESIDENT

According to President Charles S. Kinney, Tobey Hospital is offering a new and safer product to its patients undergoing diagnostic x-rays requiring dye injection. "Patient welfare is always our primary concern," said Mr. Kinney. "We are proud to be the first in our area to utilize the newly available non-ionic dye. For our patients, its use will mean reduced frequency of adverse reactions such as nausea, vomiting, pain, and burning sensation during procedures. Additionally, nationally there has been an incidence of death of 1 in 20,000 for the traditional dye. No deaths have been reported with use of the new dye.

Before now, only ionic radiographic contrast agents (dyes) were available in the U.S. for injection into veins and arteries during certain diagnostic x-ray procedures. The new non-ionic dyes have been determined to be significantly safer, but are considerably more expensive. While non-ionic dyes have been used in Europe for some time, they were only recently approved by the U.S. Food and Drug Administration.

The rapid rise in the use of contrast media, greater numbers of patients examined, and larger doses used contribute to an increased risk of adverse reactions, both fatal and non-fatal. Even under ideal conditions, no drug is absolutely safe. Contrast media are no exception. Records of the Food & Drug Administration show ionic contrast media responsible for 40% of the deaths due to drug reactions, second only to Methadone drug fatalities.

According to Dr. Samuel McFadden, Radiologist at Tobey Hospital, Isovue, one new non-ionic dye, will replace ionic dye in all procedures requiring contrast agent injections. These include intravenous pyelogram (IVP) procedures which view the kidney, ureters, and bladder; angiography which examines blood vessels of the head, neck, lower legs, and aorta; specified CT scan procedures; and myelography or spinal studies. Dr. McFadden explains, "Patients with a history of asthma, heart disease, or prior severe reaction to ionic dye were

considered to be at higher risk. The exclusive use of the non-ionic dye is particularly beneficial to these patients." He continued, "In view of the availability of non-ionic contrast media, proved to be safer, I am pleased the hospital has agreed to use them exclusively."

At an added cost of approximately $50. per patient, Tobey anticipates increased costs upwards of $50,000 per year in utilizing the new dye. At this time, insurance carriers do not pay more for the more expensive dye, but Mr. Kinney reasons, "Ensuring patient safety and reducing patient discomfort is paramount."

Holy Hour

The Adorers of the Blessed Sacrament will sponsor a monthly Holy Hour on Tuesday, January 27th, from 7 to 8 p.m. The hour will consist of Exposition of the Blessed Sacrament, prayers, homily and will conclude with Benediction. This month's guest priest will be the Rev. Rene Belanger S.S.S., Blessed Sacrament Father. The hour will be held at the Sacred Hearts Church, 382 Main Street, Fairhaven. Refreshments will follow

Brandeis University

SATURDAY MORNING LECTURE SERIES

Brandeis University has announced a Saturday morning lecture series for high school students and teachers. The title of the 10-part series is The Creative Process. Programs will be held at 10:00 a.m. in Room 123 of the Gerstenzang Building at Brandeis and are free of charge.

Topics to be presented include the following: "The Writer in Society: Understanding Russian Literature"; "The Vulnerable Earth: Toward a Planetary History"; "Woman and Artistic Creativity". Additional information can be obtained from Brandeis at 736-2109 or Susan Zartman, Guidance Office, Old Rochester Regional High School, 758-3745, Ext. 26. The first program is Saturday, February 7th.

Coming to Zeiterion

"CAN-CAN" - TWO PERFORMANCES

Broadway returns to the Zeiterion Theatre in New Bedford on Thursday, January 29th, with two performances of Cole Porter's raucous musical, "Can-Can". This all new lavish production of the dance that rocked Paris rocks the Zeiterion at 3 and 8 p.m. Tickets are priced at $23.00, $20.00, and $17.00, with a $2.00 discount available for students and senior citizens. Special group rates are available by contacting Alan Liddell at the Zeiterion (997-5664).

"Can-Can" is much like turn-of-the century Paris, the setting for this musical. Slightly naughty, very delicious, and full of the jubilant lust for life that inspired the can-

can, the musical mirrors the setting.

The score is by Cole Porter who wrote the Broadway shows "Kiss Me Kate" and "Anything Goes", and such songs as "Night and Day", "Begin the Beguine", and "My Heart Belongs to Daddy".

Porter's collaborator on "Can-Can" was librettist Abe Burrows who penned the hits, "Guys and Dolls", "Silk Stockings", and "How to Succeed in Business Without Really Trying".

"Can-Can" takes place in Montmartre, the playground of Paris, and home of La Mome Pistache, proprietress of the Parisian hot-spot notorious for its "scandalous" can-can dancing.

The plot concerns Judge Aristide Forestier, who comes to investigate the "shameful" dancing at Pistache's cafe. His attempt to outlaw the can-can is halted when he falls in love with the seductive Pistache. The judge's comic adventures in Montmartre result in scandal that jeopardizes his career, but he soon learns to enjoy life and simple pleasures like the can-can thanks to Pistache's strength and irrepressible charm.

"Can-Can" features Jamie Zemarel, recently returned from the national tour of "Gigi" with Louis Jourdan in the role of Aristide, and Liz

Donohoe, whose credits include "Oliver", "Best Little Whorehouse in Texas", and "The King and I", in the role of Pistache. Also appearing are Bob D. White, Eva Baron, and David J. Schuller.

"Can-Can" debuted on Broadway in 1953 and introduced the hit songs "It's All Right With Me", "I Love Paris", and "C'est Magnifique". "Can-can" will be at the Zeiterion with all this plus an unforgettable line-up of high-kicking mademoiselles.

Count Basie Orchestra

The Entre Computer Music Series continues at New Bedford's Zeiterion Theatre when the world famous COUNT BASIE ORCHESTRA, the most explosive force in jazz, stops in for one swinging performance on Saturday, January 24th, at 8 p.m. The Count Basie Orchestra combines the rhythmic style of swing, the nuances of blues and the mellow melodies made famous by the late Count Basie, who died in 1984. Tickets for the concert are priced at $18.00, $16.00 and $14.00. Senior Citizens and students receive a $2.00 discount. On the day of show only, tickets are reduced to half-price for students. Tickets may be purchased by calling the Zeiterion box office at 994-2900, or by visiting any ticket outlet: Brock Avenue Paint & Wallpaper and the Music Box in New Bedford; SMU Ticket Office located in the SMU Campus Center, and at all Ticketmaster locations in Massachusetts and Providence, RI.

At the Fourth Annual Kennedy Center Special Awards Ceremony in Washington, D.C. in December of 1981, at which Bill Basie was an honoree, the introduction by Henry Mancini included this: "No one and no one band has contributed more to American music than Count Basie." Today, the Count Basie Orchestra celebrates and recreates the music of its former leader, Bill "Count" Basie, the man who set toes a tapping for over 50 years, originating such stand-

ards as "One O'Clock Jump", "Shiny Stockings", "Ev'ry Day", "Ev'ry Tub", and "Jumpin' at the Woodside".

The Count Basie Orchestra features Frank Foster on saxophone; Basie's longtime understudy, Tee Carson, on piano; tenor saxophonist and musical director Eric Dixon; vocalist Carmen Bradford; and Freddie Green, the "Dean" of the Basie band who joined the group nearly 50 years ago. The Band also features newcomers like lead trumpeter Byron Stripling and alto sax player Danny House, both of whom are 24 years old. This blend of seasoned veterans and young musicians keeps the Count Basie Orchestra vital and exciting.

The Entre Computer Music Series will conclude on March 17th, St. Patrick's Day, with the return of the very popular Irish folk group, "The Clancy Brothers". Tickets to that event are on sale now.

Pinchas Zukerman: Feb. 3

THE SAINT PAUL CHAMBER ORCHESTRA

The Zeiterion Theatre and the Greater New Bedford Concert Series have announced the addition of PINCHAS ZUKERMAN and the SAINT PAUL CHAMBER ORCHESTRA to its 1987 schedule. This world-class event will take place Tuesday, February 3rd, at 8:00 p.m.

Pinchas Zukerman is truly one of the world's greatest violinists. His fame extends throughout the world. For the last seven years, Pinchas Zukerman has been music director and soloist with the Saint Paul Chamber Orchestra, and 1987 will mark his final year with them. The Zeiterion appearance is one of the select few on this prestigious tour.

Their concert will feature Rossini's Overture to "La Cenerentola"; Haydn's "Symphony No. 82, "La Poule"; and Vivaldi's The Four Seasons, Op. 8, Nos 1-4, with Zukerman as violin soloist.

Tickets are priced at $22.50, $20.00 and $17.50. Senior Citizens and students receive a $2.00 discount. Tickets may be purchased by calling the Zeiterion Theatre box office at 994-2900, or by visiting any ticket outlet: Brock Avenue Paint & Wallpaper and The Music Box in New Bedford; SMU Ticket Office located in the SMU Campus Center, and at all Ticketmaster locations in Massachusetts and Providence, RI. The Zeiterion box office is open Monday-Friday, 10:00 a.m. to 5:00 p.m.; and on Saturday from 11 a.m. to 4 p.m.

FITNESS SLIDE PRESENTATION

Carol Morse, M.S., Fitness Director at the Greater New Bedford YMCA, announces a slide presentation entitled "Physical Fitness, the 4 Basic Components". The presentation will be held on January 27th at 7 p.m. at the YMCA. It is free to all.

The President's Council on Physical Fitness defines Physical Fitness as "The ability to carry out our daily tasks without undue fatigue, to have enough energy for leisure time pursuits and to have enough energy in reserve for those unforeseen emergencies".

The 4 basic components of Physical Fitness are muscular strength, Cardiovascular Endurance, Flexibility and Body Composition. During the presentation each component shall be addressed by definition; training principles; exercises which are necessary to achieve a higher level of fitness; benefits of an overall exercise program. Also, we shall be addressing the appropriate way to start a safe, sound, successful exercise program. Fitness - it's in all of you.

cludes. Our nursery has "babies", baby clothes, bottle, toys, a baby's bed, changing table and bathing area. Also included in this exhibit is a case where we can exhibit dolls that the Museum has in its collections, which are maintained by Beth Merritt, our resident Curator of Collections. This is a role-play exhibit and sparks the imagination of boys and girls alike. The nursery has been greeted with enthusiasm from all.

Another exhibit recently opened is the "SKI JUMP". This exhibit explores the concepts of motion. By strategically placing golf balls on an inclined track, you control where and which buckets the ball glides into. There are colored areas on the track and corresponding colored collection buckets for the golf balls to land in; the concept of control is fascinating for children.

Coming soon is our hands-on TIDE POOL. We will be giving you more information on this very shortly.

These exhibits along with our space ship, animals, Lego room, computers, and much more make up a fun-filled learning experience for the whole

Lloyd Center

"THE INDOOR ESTUARY"

A unique opportunity to get to know the creatures in the Lloyd Center "touch tank" will take place on January 25th at 1:30 p.m. at the Center. Stephen F. Theberge, Senior Instructor, will lead an interpretive program titled "The Indoor Estuary".

The Center's touch tank holds a variety of common and uncommon marine organisms which can be gently handled by curious visitors. The special adaptations, feeding mechanisms and general behavior of these organisms will be the topic of the program. Also discussed will be the importance of Buzzards Bay as a unique marine ecosystem.

According to Theberge, the program is an opportunity to "enjoy a relatively warm and comfortable trip to observe some of Buzzards Bay's fascinating marine life in the middle of winter".

SHORE WALK TO
EXAMINE DIVERS AND DABBLERS

Join Dr. Alan Hankin, Executive Director of the Lloyd Center for Environmental Studies, on a shore walk to examine the Divers and Dabblers - The Ducks of Winter. The walk will be held on Sunday, February 1st, beginning at 9:00 a.m. This free walk is open to the public, although registration by phone or in person is required as the number of participants is limited. Registration is on a first come, first served basis.

Ducks can be divided into groups based upon the type of feeding method which they employ. Black ducks and the common mallard are dabblers, or tip-up, ducks. Instead of diving for their food they submerge their head and neck in the water, feeding on vegetation and small organisms found in our ponds and estuaries. For this reason they are often referred to as puddle ducks.

Other ducks use more active hunting techniques to find crustaceans and

other food, both in fresh and salt water areas. Mergansers, species of winter ducks colored black, gray and white, such as buffleheads, and species of sea ducks don't dabble but dive underwater completely searching for food while they swim.

Ducks, because they are relatively easy to identify, are good birds for the novice or beginning birder to start with. Learning how to identify ducks will help with learning how to identify other birds as the year progresses. During this walk, Dr. Hankin will lead the group to several excellent locations for viewing these birds, many of which migrate to our area to spend the winter. Their summer home in the arctic is where they nest but for most of months of the year they are in our waters.

For additional information on this walk, to register or to find out more about the Lloyd Center, and its efforts to learn about and protect our coastal bird life, call 990-0505. Offices are open from 9:00 a.m. until 5:00 p.m. every day but Monday. The Resource Library has many books, periodicals and other information about bird life and is open free to the public during office hours.
